

Working with the Dataset

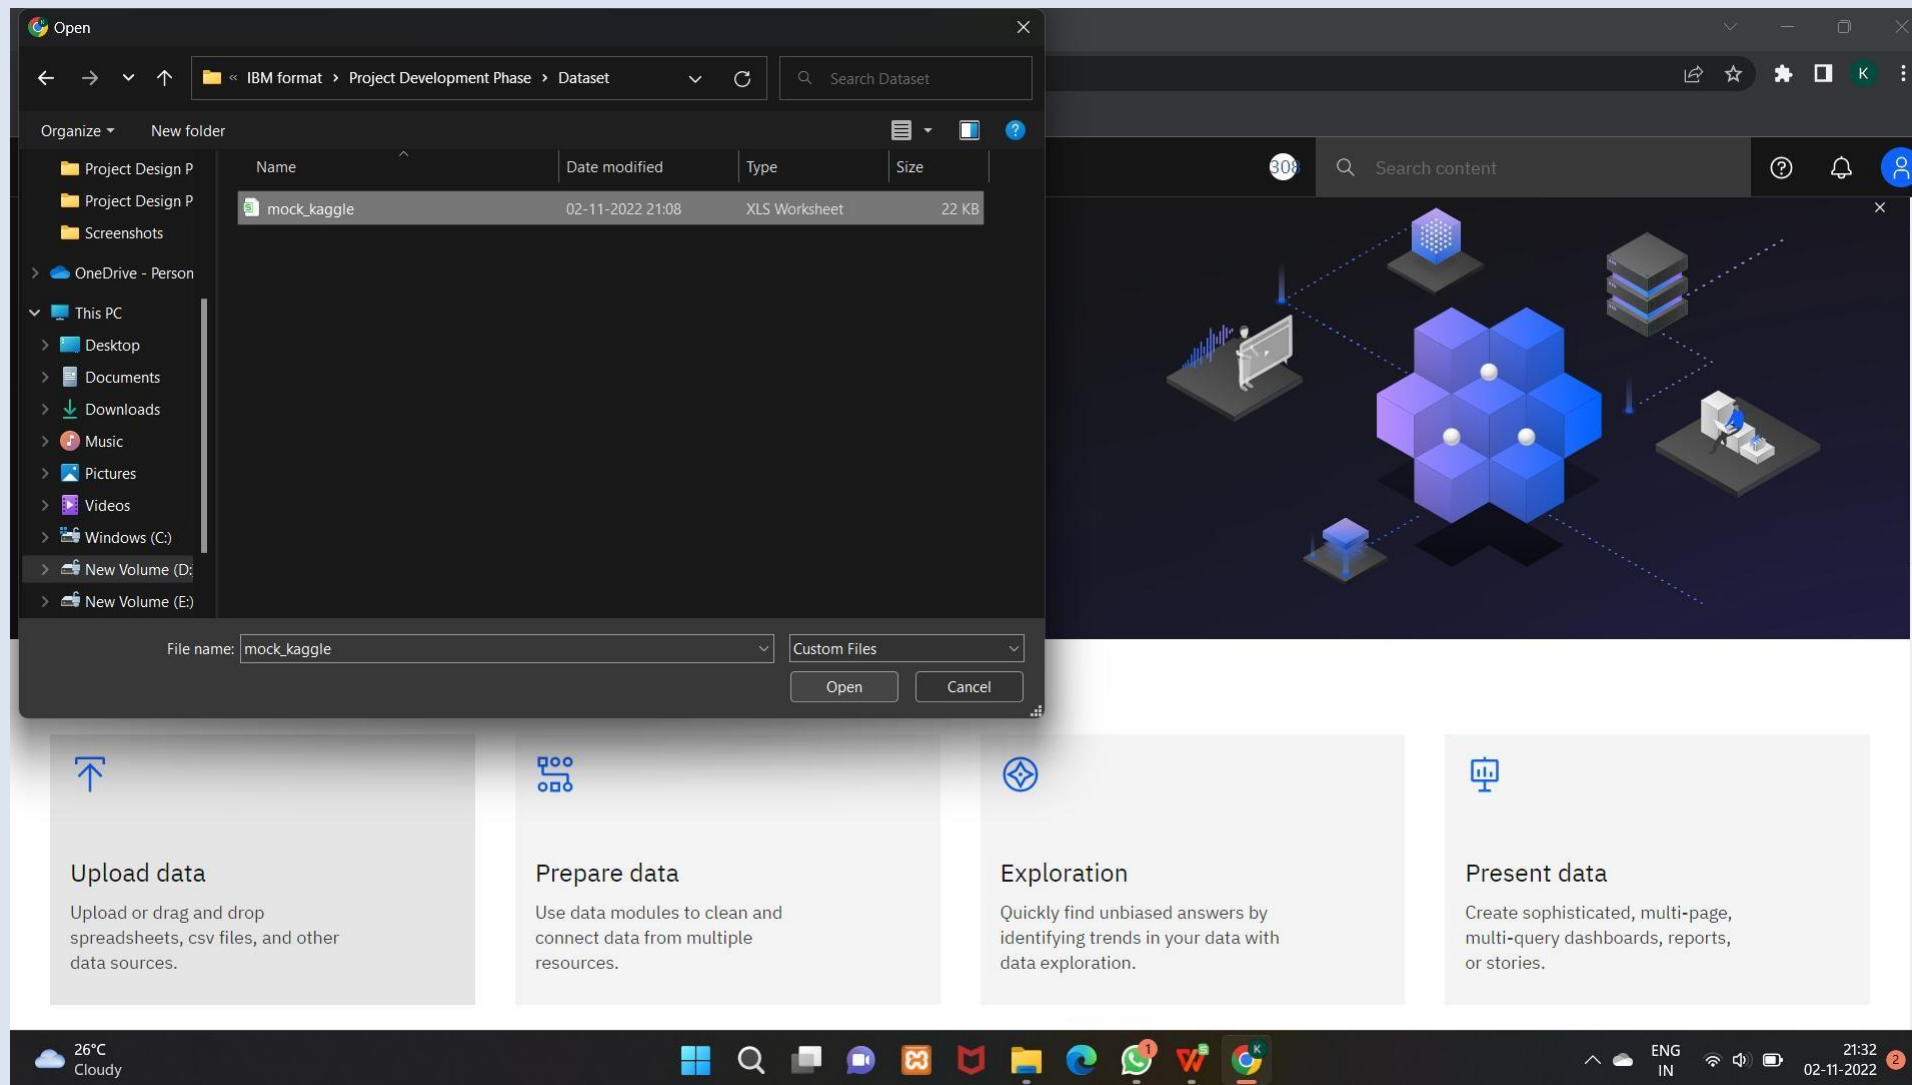

Date	16 October 2022
Team ID	PNT2022TMID31981
Project Name	Retail Stock Inventory Analysis

Loading the Dataset

- Loading the dataset by click the upload data.

- Then select the file where your dataset download and click ok.

- Then the dataset is finish uploading.

The screenshot shows a web browser window with the URL `us1.ca.analytics.ibm.com/bi/?perspective=home`. The page title is "IBM Cognos Analytics with Watson". A green notification banner at the top states "mock_kaggle.csv was uploaded successfully." with a "Hide Details" link. The main content area features a large graphic with blue cubes and a person at a computer, with the text "Hello. Welcome to Cognos Analytics with Watson." and "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." Below this are two buttons: "Watch video" and "Take a product tour".

Below the main content is a "Quick launch" section with four tiles:

- Upload data**: Upload or drag and drop spreadsheets, csv files, and other data sources.
- Prepare data**: Use data modules to clean and connect data from multiple resources.
- Exploration**: Quickly find unbiased answers by identifying trends in your data with data exploration.
- Present data**: Create sophisticated, multi-page, multi-query dashboards, reports, or stories.

The bottom of the screen shows a Windows taskbar with the date and time "21:32 02-11-2022" and the language "ENG IN".
